

Dear Parents/Carers,

I wanted to thank everyone who attended the meeting on Wednesday 9th September introducing United Learning.

For those who were unable to attend, I have placed the slides on the following link that is on the school website [St Aldhelm's Academy - Updates and Key Information](#). These slides used during the meeting offer an overview about United Learning and what it will mean for St Aldhelm's Academy in joining our Group.

One of the areas of discussion was the support in place for St Aldhelm's Academy as it moves forward in its journey of improvement. As such, I wanted to share with you all the document which sets out more information on how the school's senior leadership team is continuing to raise standards at pace. This is now published on the school's website at the same link.

We are keen to continue working more closely in partnership with parents and families. I would therefore like to invite you all to an open morning on 22nd October at 10am where we will be offering tours of the school for existing families. This will provide an opportunity to see what is being put in place to secure a positive future for St Aldhelm's.

If you would like to attend. Please email Leila.shaw@saa.weareauthentic.education confirming your attendance to the morning.

Thank you in advance for your support.

Yours sincerely,

Stuart Ingram
Regional Director
